Aligned Decodables aligned to SIPPS 5th Edition Scope and Sequence

This chart shows how the Aligned Decodables can be used with the SIPPS 5th edition program. The Aligned Decodables are aligned by percentage of decodability based on introduced letter patterns/sounds and High-Frequency Words. Research has shown that repeated practice of newly acquired skills in a "real world" context is necessary for mastery. The Aligned Books are written to do just that! Through having books that include previously introduced sounds and HFW, while slowly weaving in newly acquire skills, students build strong decoding and word recognition skills, and confidence in their ability to tackle new texts. As such, books recommended to be introduced with a certain lesson may or may not contain the skill taught in that lesson. The book may just contain previously taught skills. Please reach out with any questions by emailing Info@Decodables.com.

How to read this chart: **Column 1**: Lesson; **Column 2**: Title of the Aligned Decodable; **Column 3:** The focus of that book; **Column 4**: The type of decodable (descriptions found at the bottom); **Column 5:** Number of words in the book; **Column 6:** The decodability percentage if used in that week; **Column 7:** Any words that are "out of sequence" in the book and how many times they appear. Letter sounds are highlighted in **bold** to shows what skill in that word that makes it out of sequence. Each word is found once unless otherwise noted.

Decodable Book Types

F and NF = Fiction and Non-Fiction Decodable Reader: Beautifully illustrated, full-color readers with a complete and robust story with an accumulation of sounds leading up to and including that lesson or a review of previously introduced sounds. These books have full story lines which are great for comprehension skill and vocabulary knowledge development.

A = Alphabet Reader: A book to practice newly introduced consonants by showing the letter and a set of pictures that starts with that letter.

B = Blending Practice Decodable: A decodable book that is used to practice blending with a newly introduced letter pattern. The letter pattern is practiced within a word, then the word practiced within a sentence. These books are also valuable in practicing sentence-level comprehension.

FB = Fluency-Builder Decodable: A decodable book to practice fluency by adding one new word to each page and having the students reread the sentence until it is complete. This is also known as a Sentence Pyramid.

P = Passage Decodable: A full story which includes a review of previously introduced letter patterns and high-frequency words, but which also focuses intensely on a newly introduced letter pattern. There are no pictures, which puts a spotlight specifically on sentence-level comprehension.
